

**EPS Group is a wet infrastructure specialist which distributes all types of products associated with water and wastewater treatment and pumping.**

We are product manufacturers providing a robust warranty of performance; one of Europe's largest pump re-sellers and are the preferred OEM representative for quality global brands such as Pedrollo, Zenit, DP, Homa and KSB.

The very fact that we are truly 'end to end' in the water sector means that we touch every part of the value stream and are involved in providing a service at all levels.

EPS Group also offers leading after-sales service support including asset service support and asset optimisation services tailored to meet client specific requirements.

## Solutions Include

Water Boosting

Water Supply Pumps

Water Quality Monitoring

Water Treatment

Asset Management Options

## What Do We Offer?

- › Off-the-shelf product ranges
- › Bespoke, innovative solutions
- › Fully equipped service & repair teams
- › Large spares stock
- › Quality global supply chain

## Industries

- › Water & Power Utilities
- › Aquamarine & Fisheries
- › Brewing & Distilling
- › Agriculture
- › Biogas
- › Leisure Industries
- › Chemical Manufacture & Handling
- › Industrial
- › Residential
- › Commercial
- › Building Services

**Rethinking** Water

## Water Boosting

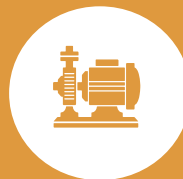

Our solutions cater for flows up to 360m<sup>3</sup>/hr, pressures up to 25 bar, integrated pump and tank options with fixed and variable speed options.

## Water Supply Pumps

We can provide 1-6 pump booster sets for flows up to 960 m<sup>3</sup>/hr, pressures of up to 15 bar with self-priming options available.

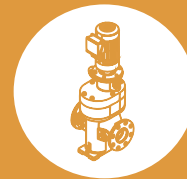

## Water Treatment

Suitable for any contaminants or flow rates our product range covers filtration, water softening, UV treatment and reverse osmosis.

### FOOD & BEVERAGE

Hygienic Pumps  
Dosing Control  
Atex Pumps  
SS Bodies  
SS Mixing Solutions  
Water Softening & RO

### INDUSTRY & PHARMACEUTICALS

Well Pumps  
Variable Speed Drives  
Bespoke Panels  
Valves & Fittings  
Flow Meters & Pressure Sensors

## Pumping Solutions

Our extensive range of pumps, sewage pumps or pump chambers are provided by some of our global product partners.

## Water Quality Monitoring

We offer various instruments to measure flow, level, pH, conductivity, chlorine and suspended solids from our trusted supply partners.

## Asset Management Options

We offer a full supply and installation option, while with the option of a maintenance agreement, our state-of-the-art repair workshop ensures swift repairs.

### WASTEWATER

Submersible Pumps  
Sludge Pumps  
Dosing Systems  
Tertiary Treatment  
UV Treatment

### DATA CENTRES

Cooling Towers  
UV Systems  
Booster Sets  
Controls  
Flow Meters  
Energy Efficient Systems
